

Dr Seuss Day Activities

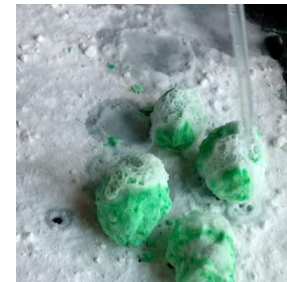

The Cat in the Hat mask

Cut out the centre of a paper plate, colour it black then use card to create a red and white striped hat to create a Cat in the Hat mask. Use pipe cleaners or strips of card to glue on some whiskers.

Fizzy Green Eggs and Ham

You need to mix half a cup of baking soda with nine drops of green food colouring and one tablespoon of water. You should have a soft dough that holds together when you squeeze it, but falls apart if any extra pressure is added. Form your dough into smaller balls to create your green eggs! Lastly, add some drops of vinegar and see the eggs fizz!

Ten Apples up on Top game

Fill balloons with flour to use as 'apples'. Take turns stacking the 'apples'. See how many you can stack before they fall down.

Rhyming game

Create circles on the ground with chalk as the track. Each player will take a turn calling out a word that rhymes with the starter word. If they do say a word that rhymes, they move a space forward by stepping, hopping, skipping, or whatever suits them.
