

L.I : To subtract by exchanging.

S.C :

- Partition the 2 digit number
- Decide if you need to exchange
- Subtract the ones
- Subtract the tens
- Add the tens and ones
- Write the total

$25 - 17 =$	$34 - 16 =$	$37 - 28 =$
$35 - 26 =$	$45 - 28 =$	$47 - 19 =$
$45 - 27 =$	$56 - 37 =$	$52 - 28 =$
$66 - 48 =$	$64 - 34 =$	$65 - 42 =$
$77 - 58 =$	$75 - 56 =$	$77 - 67 =$

Now can you think of your own subtraction number sentences where you need to exchange.
