

Dear Lion & Tiger Children

I hope you have been able to stay cool whilst enjoying this unusually hot weather we are currently experiencing.

Here are some activities that you could be doing to keep cool.

- Draw a picture of our farm visit last week.
  - Make a list of all of the animals that we saw
  - Write about what your favorite part of the day was and why.

- Water play.
  - Fill up a washing up bowl, paddling pool or your bath with a small some water.
  - Have some different sized containers and see how much liquid it will hold.
  - If you have some ice fill a container with that and use different spoons to put them into small bowls or pots.

- Freeze some toys in a tray overnight. Your child will have fun trying to rescue them or watch them melt throughout the day.

- Use whatever construction material that you have (such as lego, blocks, duplo etc) and build a farm.
  - Write a farmyard story all about the adventures the animals go on.

- Use the internet or books to find some spicy facts all about the animals you saw on the farm.
- Find out the name of animals and their young. For example a baby cow is called a calf. You could draw a picture and try to copy the names.
- Find a recipe to make some healthy lollies to freeze overnight.
- Make a homemade milkshake with your favourite fruits.
- Sit and watch your favourite movie or TV shows with the curtains closed & write a film review about what the best part is.
