

14th March 2024

Dear Year 2 Parents

It was lovely to chat to you all at parents evening last week.

I spoke to lots of you about this really useful maths website called 'hit the button'. It is a great maths game which can be used to develop your child's fluency & speed when solving number sentences about doubling, halving, addition, subtraction, multiplication, division & much more. It is suitable for all abilities as you can decide how easy or hard to select the numbers.

Happy maths gaming 😊
